State, Nation: Forward for Life

Judge Neil Gorsuch was confirmed by the U.S. Senate on Friday, April 7 to become the 113 Justice of the U.S. Supreme Court. He was sworn in the following Monday, fulfilling President Trump's promise that his first Supreme Court pick would be someone in the mold of the late Justice Antonin Scalia.

Justice Scalia, we know, was pro-life. Justice Gorsuch's convictions are by all indications very similar. Just as importantly, however, Gorsuch believes in following the actual words of the Constitution and the original intent of its framers.

Justices like Neil Gorsuch would never have produced the Roe v. Wade decision, which has no basis whatsoever in the Constitution. If President Trump appoints even one more justice in the mold of Scalia and Gorsuch, the sham Roe decision will be in serious jeopardy, to say the least.

Despite all the worthy efforts to save

babies over the past 44 years, Roe v. Wade ensures that hundreds of thousands of unborn American children will continue to be killed every year. Roe is the bulwark of the anti-life, right to abortion movement.

That is why enemies of the right to life fought tooth and nail to block the Gorsuch nomination. Pro-abortion forces in the U.S. Senate tried to prevent a final up or down vote by using the filibuster as a partisan weapon, something that was unheard of in presidential nominee confirmations until about 15 years ago. They would have succeeded if the Republican leadership had not permitted a simple majority (instead of 60 votes) to clear the way for a final decision. The Senate went on to confirm Gorsuch, 54-45.

Three democrats voted to confirm, but not Senator Robert Casey, Jr. of Pennsylvania. Casey said he did not believe that Judge Gorsuch's judicial approach [would] ensure

fairness for workers and families in Pennsylvania. What about fairness, one might ask, for Pennsylvania's unborn babies, who are targeted daily by abortion on demand?

Moving Pennsylvania Forward

Pennsylvania is moving forward with legislation (1) to end an especially disturbing method of abortion in which the baby dies from dismemberment, and (2) to protect babies from abortion in the sixth month. The Pa. Senate approved a bill to accomplish both objectives, S.B. 3, by a vote of 32-18 on February 8. Erie's state Sen. Dan Laughlin voted against the bill. His stated objection is that there is not an exception for 6-month babies with a defect. Please contact Sen. Laughlin and urge him to rethink this kind of disability-based discrimination. S.B. 3 and a similar bill, H.B. 77, are awaiting action in the state House of Representative, so now is the time to ask for your representative's support.

Oratory Contest Winners

People for Life's annual High School Oratory Contest was held on April 15th at the Blasco Memorial Library. First place went to Peter Caulfield, 15, a high school junior, and second place went to Timothy Caulfield, 18, a high school senior. Peter spoke about lethal medical experimentation on human embryos, touching on its similarities to primitive forms of human sacrifice. Timothy spoke about end-of-life issues, including: doctor-prescribed suicide, active euthanasia, and various circumstances under which it would not be improper for a person to decline life-extending medical treatment. Both speakers were outstanding! We plan to make both speeches available online in the near future.

Donation Strategies

Please remember the People for Life Education Fund on Erie Gives Day, August 8, 2017. Your online donation between 8 a.m. and 8 p.m. will be increased with a matching gift through the Erie Community Foundation.

May we suggest two more ways to stretch your dollars to help open more minds and hearts for the pro-life cause right here in northwestern Pennsylvania? Every time you make a purchase on Amazon.com, a portion of what you spend can be directed to the Education Fund at no additional cost to you.

To get started, click the *Amazon Smiles* logo at www.peopleforlife.life or go directly to smile.amazon.com/ch/47-3379714. And if your employer has a matching gifts program, please be aware that our Education Fund is recognized as a 501(c)(3) organization and will almost certainly be eligible for your employer's matching gift.

Donations made specifically to the Education Fund are deductible for income tax purposes. Membership dues, however, cannot be paid to the Education Fund and remain non-deductible.

PA Judicial Candidates

The following Pennsylvania statewide judicial candidates are recommended by the Pennsylvania Pro-Life Federation Political Action Committee: Sallie Mundy (R) is recommended for the state Supreme Court. Bill Caye (D), Emil Giordano (R), Wade Kagarise (R), Mary Murray (R), Paula Patrick (R), and Craig Stedman (R) are recommended for the state Superior Court. Bryan Barbin (D), Christine Fizzano Cannon (R), and Paul Lalley (R) are recommended for the state Commonwealth Court.

In the primary election on May 16, you will only be able to vote for candidates from your party. You will be allowed to choose up to four candidates for the state Superior Court

and up to two candidates for the state Commonwealth Court. However, it is perfectly acceptable to vote for fewer candidates if you so choose.

There is a crowded field of 20 candidates in these three races; only the candidates that are recommended by the Pro-Life Federation PAC are mentioned above.

Mother's Day Carnations

Carnations in a dazzling array of colors will be available all Mother's Day weekend at: our booth in the Millcreek Mall; our central distribution point at Rog's Inc, on German St. between 18th & 19th; and many area churches. Donations of \$1 per carnation will help support our pro-life educational work.

Volunteers Needed Lots of volunteers will be needed for a variety of assignments from May 10 through May 14, including corsage makers, delivery drivers, people to staff our Millcreek Mall booth, and literally dozens of volunteers to prepare the carnations at our distribution center. Call or text (814) 882-1333, send an e-mail, or send a Facebook message as soon as possible to volunteer or get more information.

Did you hear? 350 people attended the Erie March for Life last January, twice the normal number! A near-record 640 people attended the Pro-Life Breakfast. Thanks, everyone!

Candidate Survey for the May 16, 2017 Primary Election

Our survey questionnaire was mailed to 152 candidates seeking election in the following races within Erie County: All county government races, all Erie City races, the Fairview, Harborcreek, and Millcreek township supervisor races, and all school board races.

1. LEGAL PROTECTION PRIOR TO BIRTH If changes to the Roe v. Wade decision make it possible, would you approve or disapprove of a law prohibiting abortion except when necessary to prevent the death of the mother? Please circle "Additional Exceptions" if you would support such a law, but only if additional exceptions were stipulated, and please note the exceptions you would require.

2. LATE TERM ABORTIONS Should abortions be prohibited after 20 weeks gestational age (18 weeks from conception, a point in human development when the fetus/baby is mature enough to experience pain, hear her mother's voice, and, if necessary, undergo surgery in the womb)? Sixteen states currently provide this protection.

3. INFORMED CONSENT Do you support the provisions of the Pennsylvania Abortion Control Act that require abortion providers to offer basic information to a woman who is considering an abortion, including information about medical risks, alternatives to abortion, the probable gestational age of the unborn child, the availability of detailed information (provided by the Commonwealth of Pennsylvania) about fetal development,

and the possibility of medical assistance benefits if the woman decides to continue her pregnancy?

4. WAITING PERIODS Do you personally support the provision of the Pennsylvania Abortion Control Act that requires a 24 hour waiting period after a woman who is considering abortion has consulted with a physician and been given the information noted in Question 3 above, to allow the woman time to carefully consider her decision, before an abortion is carried out?

5. PARENTAL INVOLVEMENT Do you personally support the provision of the Pennsylvania Abortion Control Act that requires the consent of at least one parent if the person seeking an abortion is less than 18 years old, unless a judge determines that extenuating circumstances are involved.

6. GOVERNMENT FUNDING Should government funds or tax credits be used to pay for elective abortions or fund insurance plans that cover elective abortions?

7. DOCTOR-PRESCRIBED SUICIDE Should the law allow physicians to prescribe drugs to be taken for the purpose of deliberately ending another person's life?

8. EMBRYO-DESTRUCTIVE RESEARCH Should government funds be used to pay for research that involves the killing of human embryos (e.g., in the course embryonic stem cell research or human cloning research)?

Bob Merski ♦ 1 ♂ Rape and incest. ♂

♦ 6 ♂ No to elective abortions. Yes for insurance plans. ♂ ♦ 8 ♂ Undecided. ♂

Alan Natalie ♦ 1 ♂ Rape, incest. ♂

John Persinger ♦ 1 ♂ In cases of rape or incest and when necessary to prevent the death of the mother. ♂

Scott Rastetter ♦ 1 ♂ Incest and rape in 18 weeks. ♂

Kathleen Schaaf ♦ ♂ I myself am committed to the concept of life beginning at conception. ♂ ♦ 1 ♂ perhaps... grave illness like cancer or other life threatening issues... ♂

Joe Schember ◀ We did not receive a response, but the candidate did provide solidly pro-life responses to a similar questionnaire in 2007.

Sue Strohmeier ♦ ♂ Unable to answer due to judicial cannons prohibiting a need to remain neutral. ♂

Freda Tepfer ♦ ♂ I have reviewed your candidate questionnaire. The wording of your questions is heavily biased. I could answer a questionnaire

attempting to gather similar information if the questions were written in a less slanted and biased manner. Your question 7 is a prime example of an overly biased question. ♂ ♂ There is an important distinction here. In the states having the Physician Assisted Suicide option a person requesting a Physician Assisted Suicide must be cogent. The patient requests the assistance of their physician. ♂

Jim Winarski ♦ 1 ♂ Rape. ♂

Doctor-Prescribed Suicide?

A candidate running for Erie City Council objected to the term ♂ doctor-prescribed suicide, ♂ which was used in the questionnaire she received from People for Life. She felt it was ♂ biased ♂ and misleading. (See ♂ Candidate Comments. ♂)

Well yes, our questions may very well reflect a bias in favor of human life, but we decided to see if the term in question seemed ♂ misleading ♂ to some nationally prominent experts on euthanasia and end of life issues: Rita Marker, executive director of the Patient's Rights Council and Wesley Smith, a senior fellow at the Discovery Institute.

In the first place, as Wesley Smith noted, a physician's prescribing lethal doses of one or more drugs is, indeed, an essential element in this kind of suicide.

But when doctor-prescribed suicide is legalized, doesn't the doctor play a purely passive role unless the patient spontaneously announces that he or she wants to end his or her life? Just stop and think about that! Most of us are familiar with the term ♂ informed consent. ♂ Rita Marker explained that a

doctor is legally bound to present all of the options and treatments that are available to the patient. Failing to do so is to invite a malpractice suit.

But a doctor would never emphasize or recommend one course of treatment over another, right? If you don't think so, you have probably not spoken with many women who have received an adverse fetal diagnosis (♂ your baby is not perfect ♂). In these cases, abortion is not simply mentioned; it is usually quite firmly recommended. In fact, it is actually *expected* by many physicians and their medical assistants.

The candidate also mentioned that doctors can only approve a suicide if the patient is ♂ cogent ♂ (i.e., clear, lucid, rational). ♂ Nonsense! ♂ we were told. The assisted suicide laws provide no criteria for evaluating the patient's competence for such a decision; the laws only require that the patient is, basically, capable of responding with a ♂ yes ♂ or a ♂ no. ♂

So remember: always say ♂ doctor-prescribed suicide, ♂ because ♂ physician-assisted suicide ♂ is the misleading expression.

A licensed physician is far, far more than merely a passive assistant in this deadly process.

Election of Officers

The annual election meeting of People for Life will be held at our office, 1625 W. 26th St., Erie, Pennsylvania on Monday, May 22, 2017 beginning at 6:30 p.m. Members whose dues are paid one month in advance of the meeting will be eligible to vote. The nominees are: Carol Struchen for treasurer, Mark Borowy for secretary, Marielle Lafaro for first vice-president, Gretchen Lorei for second vice-president, and Dale Klobusnik for third vice-president.

Additional nominations will be accepted from the floor with the permission of the nominee, who must be a current member of People for Life.
